DP-330

With the Tally Dascom DP-330 series you can concentrate on your job and not on the printer. Although the printer is up to 10% smaller and 40% lighter than comparable models, it makes no compromises. A variety of interfaces and emulations allow the DP-330 to be used in different environments.

Whether exposed to water, dust, or vibrations, this printer operates reliably. Designed for receipt documents, the DP-330 is built for dependable performance. Thanks to different holders, the printer can easily be installed on mobile dollies or in vehicles.
